I can’t seem to put into words how much I learned and grew throughout my time in Europe. The 28-day trip was filled with culture, exploring, and adventuring alongside 80 of the best Aggies. I didn’t realize how much I was learning and experiencing until I took a step back while in Europe and thought about how much I had seen. This trip was a once-in-a-lifetime adventure that I will be forever grateful I went on. The memories and friends I made will always hold a special place in my heart.”

2017 Marketing Study Abroad

**Collin Luna:** “This trip was one of the most incredible experiences I have ever had. On this trip, we visited with representatives from 16 different international businesses and explored seven different countries with their own unique cultures. Not a day went by without the chance to do something unforgettable. Some of the highlights, were touring the grounds of Versailles, trying out extreme sports in Austria, and enjoying a dinner at the world famous Hofbrahaus in Munich. I will admit that I was nervous at first about traveling across Europe with 79 strangers, but by the end of the trip I had 79 new amazing friends. I highly recommend this program to any other Aggie wishing to study abroad. It is truly a once in a lifetime opportunity.”

**Cady Boaz:** “No other study abroad can even compare to this trip. The early mornings and coach rides were so worth cramming seven countries into one month and waking up in a new city every few days. I am forever grateful to Texas A&M for giving me the opportunity to see so many different parts of the world.”

**Kara Gertson:** “Ever since returning from Europe I find myself talking about it in every conversation I have. This trip was truly the best part of my time here at A&M so far. On this trip, I not only got to see and experience different cultures, but I also had the chance to make some amazing friends. I have so many great memories with people I'll never forget. The best part about the journey is that just because the time abroad stops, doesn't mean the fun stops. Even when back in College Stations, the relationships continue to grow and the memories continue to be made.”

**Catherine Haley:** “Being in unfamiliar places with people I hardly knew was a bit of a frightening thought at first. What I didn't know was, at the end of 28 days, I would get to know each person individually and bond with those I might not ever had the opportunity to meet otherwise. I saw, experienced, and breathed in each unique culture. I wanted to take in everything so I would remember all of the details of the best trip of my life to date. I am so grateful for the opportunity to go abroad to some of the most beautiful places on earth with some of the most wonderful people on earth.”

Savannah Gibson: “Going from never traveling beyond Mexico to all the way across the Atlantic was mind-boggling. I thought I could prepare myself for every situation, but I think the best part of the trip was the spontaneity of it all. Showing up in a city where no one speaks the language, getting a quick run-down on the train system, then being told to “figure it out” was where some of my most fun memories happened. I have at least one funny story with every person on this trip. Plus, as an avid foodie, I’ve never eaten so much fantastic food in my life. Every single meal there was better than a “nice” meal in Texas. Getting to know Dr. Mac was an absolute privilege and I would do this whole trip all over again just to hang out with him.”

Kristin Bird: “This trip left me absolutely speechless. I learned far more about international business, different cultures, and history than I originally expected to. You get to explore some of the most beautiful countries in the world, and you get to do it alongside your 79 new friends! This study abroad trip was the experience of a lifetime - I would go again in a heartbeat!”

Breagan Adams: “Getting the oppurtunity to explore and experience different landmarks and cultures among 7 different countries in Europe was such a special and unforgetable experience. I will never forget my time in Europe, and I especially will never forget all the friends I made. The 80 of us truly became a family while abroad, and I know that any of them would have my back no matter what even now that we’re home. The things I saw/did and the people I met made the trip worth every single penny, I wouldn't trade this experience for anything!”

MacKenzie Pask: “Europe was an incredible experience for me. How many people are able to say that they traveled to seven different countries in one month? I loved getting to see the different cultures and the famous sights in every country. I formed incredible friendships with many of the students on the trip, and I loved getting to know Dr. Mac. It was an unforgettable adventure, and I’m thankful that I had the opportunity to attend the trip!”

I never expected to meet so many incredible people and make so many memories. I had been to Europe before, but not all the countries we visited. It was interesting to navigate the subway systems in different countries and bond with others during our learning experiences. My favorite part of the trip was not a specific event, but spending so much time with quality people every day."

Lillian Kelley: "Study abroad this summer allowed me to experience the world while also growing as a person, student, and business woman. It was quite possibly the best month of my life!
