Global Citizenship & Leadership: Spain
El Camino de Santiago

Explore the economy, culture, politics, and history of Spain and walk the Camino de Santiago. The Camino, a UNESCO world heritage site, is a 1000-year-old, 500-mile long pilgrimage route across northern Spain, from the Pyrenees to Santiago in Galicia. Your learning begins with readings, guest speakers, and discussions in the spring course and continues in a summer field trip to Spain. As we walk the Camino together, you will gain a deep awareness of yourself as a citizen, leader, and entrepreneur in our global community.

“The person I am today, post 500 miles, is quite different from the person I was last fall. I was clueless on how to behave and interact with people of other cultures. The Camino opened my eyes to how to conduct myself as a global citizen.”

“The current event exercises and class discussions about Spanish culture helped to kick-start my thinking as a global citizen, to consider the deeper world around me.”
