Testimonials

2018 Marketing Study Abroad

Tabitha Gilpin: “I had always heard studying abroad would be one of the greatest adventures ever. However, I never imagined any situation in which I would enjoy my time abroad as much as I did on the Marketing Study Abroad. I went in with barely knowing one person and finished with 79 new friends. This trip was the best experience of my life, and I would do it all over again right now. I had never been to Europe, but while abroad, I learned all about the European culture. The flight home from Europe was beyond sad, and I was not ready to leave all of my new best friends and come back to America. I would not trade anything for such an amazing experience with great teachers and students. This trip truly is once in a lifetime, and I cannot thank my parents enough for allowing me to go abroad.”

Emily Wood: “This trip honestly is a once in a lifetime experience. Each day was different than the one before, but still held the same wonder and excitement. Being able to do it with 79 of my now close friends is an added bonus! This trip teaches you how to leave your comfort zone and fully immerse yourself in each of the places you visit, and you develop a love and appreciation for each city.”

Stephanie Sovereign: “I wake up every morning still in denial that I am not feet away from my 79+ fellow study abroaders. The Europe Marketing Study Abroad is truly the trip and experience of a lifetime. Aside from the incredible cities and countries we were lucky enough to see and visit, it was the people and lifelong friends made that make this trip stand apart. These were the best 28 days of my life, and I will honestly never stop talking about it. If you are given the opportunity to study abroad, take it! There is no better way I could have imagined seeing Europe for the first time!”

Anoshka Kalliecharan: If I had to describe my study abroad experience in 2 words, I would say that it was a **blessing**. Traveling through 8 different countries with 80 of my now-closest friends, was an experience that I will always hold close to my heart. Biking through the streets of London, playing in the snow in Switzerland, and cruising on a lake with a view of the Eiffel Tower are just a few of the amazing memories that will forever be etched in my brain. This study abroad changed my outlook on life in so many ways, and gave me a newfound excitement to finish my last year of school. I could not have imagined a better summer experience than this one!
