ACADEMIC EXPERIENCE

Faculty Appointments

Clinical Professor, Department of Information and Operations Management, Mays Business School, Texas A&M University, College Station, TX, September 2017 to present

Clinical Associate Professor, Department of Information and Operations Management, Mays Business School, Texas A&M University, College Station, TX, 2011 to 2017

Clinical Assistant Professor, Department of Information and Operations Management, Mays Business School, Texas A&M University, College Station, TX, 2005 to 2011

Assistant Professor, MIS Division, Price College of Business, University of Oklahoma, Norman, OK, 1999 to 2005

Acting Assistant Professor, MIS Division, Price College of Business, University of Oklahoma, Norman, OK, 1998 - 1999

Administrative Appointments

Assistant Dean for Learning Transformation and Academic Technology, Mays Business School, Texas A&M University, College Station, TX, June 2018 to present

Academic Director, MS Business Program, Mays Business School, Texas A&M University, College Station, TX, June 2015 to July 2018

- Prepared the Proposal for New Degree Program paperwork (including the course proposal paperwork for 17 new courses) and worked with the planning committee to finalize the degree proposal (I subsequently coordinated and worked with individuals at different levels in the approval process to answer questions, make revisions to the proposal, and finalize the approval through the Texas Higher Education Coordinating Board.)
- Led initiative to create and launch the MS Business program
- Negotiated with department and unit heads in the Mays Business School to identify and recruit faculty members from across the college to teach the 17 courses in the MS Business program.
- Prepared estimated cost of attendance numbers for students in the program.
- Established and implemented a recruiting and admissions process
- Recruited and selected students for the program
- Worked with staff in the Mays Career Management Center and the TAMU Career Center to design a plan for informing companies about the new MS Business program to ensure students in the program have post-graduation employment opportunities
- Organized marketing strategy
- Led faculty team in delivering innovative, collaborative program
- Supervised program staff
- Managed budget and operations

Director, Center for the Management of Information Systems, Department of Information and Operations Management, Mays Business School, Texas A&M University, College Station, TX, 2009 to 2015

- Led the center and the corporate advisory board through the recovery from the 2008 economic downturn (The downturn resulted in only 13 corporate advisory board members at the end of 2009. By the end of 2015, we had 19 corporate advisory board members, including 11 companies that had not been members of the corporate advisory board prior to my term as center director.)
- Maintained the content for the center website (prior to the adoption of a college-wide content management system in 2015 as a common platform, I led two separate development projects to update and refresh the CMIS website.)
- Worked with the corporate advisory board to change the business model of the center from an annual membership fee with several a la carte add-on items to a tiered membership model
- Coordinated with the MIS faculty to integrate activities sponsored by the center into the MIS curriculum (e.g., students in the undergraduate program are now required to participate in the case competition as part of course requirements).
- Designed, developed, and launched two new events sponsored by the center (Speed Networking and MIS Career Night) designed to better meet the center's purpose of bringing students and industry together and promoting the MIS field.
- Planned, coordinated, and executed events for students, faculty, and industry professionals
- Managed center budget and operations
- Supervised center staff

Assistant Department Head, Department of Information and Operations Management, Mays Business School, Texas A&M University, College Station, TX, 2006 to 2015

- Wrote the Proposal for New Degree Program paperwork required to split the single BBA in Information and Operations Management degree into two separate majors: BBA in Management Information Systems and BBA in Supply Chain Management.

- Led the MIS faculty in a major revision of the courses and curriculum in the Master of Science in Management Information Systems; conceptualized and wrote proposal paperwork for four new courses; assisted four faculty members in developing and delivering these new courses
- Worked with a group of MIS faculty to review and update the learning outcomes for the BBA in MIS degree program; this group subsequently reviewed and updated the undergraduate MIS curriculum to include better integration across courses and to ensure coverage of key learning material
- Managed the assessment of learning process for the two undergraduate and the master's programs in the department. I documented assessment activities and outcomes each year in WEAVE online (the university system for tracking and reporting assessment)
- Met with each new faculty member hired in the department (20 faculty hired in this time) and provided orientation and training concerning the department, college, and university policies regarding teaching (e.g., syllabus templates, eLearning/eCampus training, Howdy training, classroom technology training, etc.)
- Maintained the content for the department website
- Supervised the annual update and review of the information contained in the university and college catalogs regarding the programs in the department
- Worked with the department head and department course scheduler each semester to plan and schedule courses for the department
- Designed, developed, and coded an online system to handle the department wait list requests (see <http://www-info.tamu.edu/infowait>).
- Represented department head as necessary
- Participated on departmental advisory committee
- Facilitated course scheduling process
- Led MIS faculty group

Director of Student Services, Department of Information and Operations Management, Mays Business School, Texas A&M University, College Station, TX, 2006 to 2009

- Created Student Services Office during 2006-2007 academic year
- Established processes and record keeping for student advising and program admissions
- Created an integrative approach for promoting the Management Information Systems and Supply Chain Management majors to potential students. I designed and produced promotional materials (brochures, flyers, electronic presentations, etc.) to use when presenting information about our majors to interested groups
- Planned and hosted various events to increase the feeling of community and connectedness among students in our department (e.g., welcome-to-the-major parties, back-to-school ice cream socials, graduation recognition luncheons, information sessions, etc.)
- Launched an "INFO Student Services Communications Portal." This web-based service provides all students a one-stop location for obtaining information about department events, full-time and part-time jobs, internships, scholarships, etc.
- Led the office in establishing goals and completing projects in an efficient and effective manner.

Other Appointments

Mays Teaching Fellow, Mays Business School, Texas A&M University, College Station, TX, 2013 to 2015

Graduate Teaching Instructor, Information and Management Science Division, College of Business, Florida State University, Tallahassee, FL, 1994 to 1998

Teaching Assistant, School of Accounting and Information Systems, Marriott School of Management, Brigham Young University, Provo, UT, 1992 to 1994

TEACHING ACTIVITIES

Undergraduate Courses Taught – Texas A&M University

- ISTM 209 – Business Information Systems (for non-business majors)
- ISTM 210 – Fundamentals of Information Systems (Regular and Honors)
- ISTM 281/481 – Information Systems Seminar
- ISTM 315 – Database Management Systems
- ISTM 320 – Business Systems Analysis and Design
- ISTM 415 – Large Scale Information Systems Project
- ISTM 420 – Web Enabled Applications
- ISTM 430 – Advanced Systems Analysis and Design
- SCMT 364 – Operations Management
- SCMT 465 – Information Technology for Supply Chain Management

Undergraduate Courses Taught – University of Oklahoma

- ACCT 3363 – Accounting Information Systems
- MIS 3363 – Information Systems Infrastructure
- MIS 3373 – Systems Analysis and Design Theory
- MIS 4413 – Object-Oriented Systems Development

Undergraduate Courses Taught – Florida State University

- CGS 3403 – Introduction to COBOL Programming for Business
- ISM 3004 – Information Resource Management for Business
- ISM 4117 – Decision Support and Expert Systems Management
- QMB 3200 – Quantitative Methods for Business

Graduate Courses Taught – Texas A&M University

- ISTM 601 – Fundamentals of Business Programming (MS Analytics)
- ISTM 612 – Management Information Systems (MBA)
- ISTM 615 – Business Database Systems
- ISTM 615 – Business Database Systems (MS Analytics)
- ISTM 620 – Systems Analysis and Design
- ISTM 654 – E-Commerce Technologies

Graduate Courses Taught – University of Oklahoma

- MIS 5413 – Object-Oriented Systems Development
