SOCIETAL IMPACT

As an instructor of both an introductory and upper level class, I work with students to not only have a better understanding of accounting, but to make them aware of their career options and potential paths through Mays. I have mentored students as they work on getting internships, graduate school acceptances, and full-time jobs, as well as being there for them during personal crises and as a listening ear.

EDUCATION

Certified Public Accountant, State of Texas February 2017

Texas A&M University, College Station, Texas May 2015
Master of Science in Management Information Systems
Bachelor of Business Administration in Accounting
Professional Program in Accounting, Group 22
