Texas A&M University, Mays Business School	(8/07 – present)
Professor	9/18 – present
Associate Professor	<u>9/11 – 8/18</u>
Assistant Professor	8/07 - 8/11
Teach undergraduate and Masters-level Production Management and Deci	ision Support Systems
courses. Prepare and deliver lectures, write and grade tests, provide one-o students as needed. Teach PhD seminars.	on-one instruction to
The Chinese University of Hong Kong Department of Systems Engineering and Engineering Management	
Visiting Scholar	3/1/12 - 3/31/12
Prairie View A&M University College of Business	8/04 - 5/07
Assistant Professor	
Teach graduate Quantitative Analysis and undergraduate Production Mana	agement, Statistics, and
Introduction to Business courses. Prepare and deliver lectures, write and g	rade tests, provide one-
on-one instruction to students as needed.	

# University of Texas at Dallas School of Management Adjunct Professor

Taught undergraduate Production Management course and MBA Operations Research and Operations Management courses. Prepared and delivered lectures, wrote and graded tests, provided one-on-one instruction to students as needed.

# FSI International, Technical Consultant

Developed simulations and schedules to optimize the use of a robotic cell with three robots, eighteen different processes, and parallel machines. Presented results to client at monthly meetings.

#### Acclaim Services, Inc. / The Insource Group Senior Recruiter / Sales Representative

Recruited computer professionals for diverse companies in the D/FW area. Clients ranged from multi-national Fortune 500 companies to high-tech startups. Placements were for both permanent positions and contract assignments. Established business relationships with clients, interviewed candidates, managed consultants on-site at clients' facilities, trained new employees. Led staff in production every year.

10/02 - 4/03

5/03 - 5/04

# 1993 - 2001

#### 1986 - 1993

1984 – 1986

#### E-Systems Senior Software Engineer

Participated in the design, development, implementation, test, integration, on-site installation and final sell-off of three multi-year, custom hardware / software classified systems for military intelligence. Technologies used included C, FORTRAN, Ada, X-Windows / Motif, UNIX on Silicon Graphics and Sun Workstations, VAX / VMS, IBM MVS, and Gould.

# University of Tennessee Graduate Teaching Assistant

Taught freshman- and sophomore-level mathematics courses, including Calculus and Differential Equations. Prepared and delivered lectures, wrote and graded tests, provided one-on-one instruction to students as needed. Selected as one of three finalists for the Best First-Year Teaching Assistant Award.
