ACADEMIC EXPERIENCE

7/2022 – Present **Executive Professor**

James Benjamin Department of Accounting, Texas A&M University, College Station

- Teaching Accounting 621 – Corporate Taxation and Accounting 624 – Tax Technology & Analytics
- Built course curriculum and teach Accounting 689 – Accounting Data Analytics

Societal impact statement: I seek to have a positive impact on our students and our profession with my teaching and professional service. I strive to bring my professional experiences to students and help them understand how their learning will be applied to practical scenarios in their future career as business professionals. I will teach my students the foundational skills of tax, accounting and analytics and encourage critical thinking so they can solve business problems. I also want to instill intellectual curiosity in my students so they will embark on a lifelong journey of learning and become business leaders in our society. Finally, I will strive to give back to my profession by serving as a lifelong mentor to my students and continuing my relationships with business leaders in the profession to build the next generation of accounting professionals.

PROFESSIONAL EXPERIENCE

7/2011 – 7/2022 **Partner**

Ernst & Young LLP – Houston, TX and Seattle, WA

Partner in EY's \$1B Tax and Finance Operate practice, leading the transformation and technology enablement of EY's strategic tax outsourcing engagements.

- Currently serving as engagement partner on the tax transformation of a Fortune 150 utility company's multi-year strategic tax outsourcing engagement with EY. Also leading the global technology enablement for a Fortune 25 financial services company.
- Prior to this role, was southwest region leader of EY's Tax Technology and Transformation practice. Led a team of 50 professionals in delivering process, data and technology solutions to our clients.
- Served as engagement partner for a global technology company to design and deploy global tax accounting processes, internal controls, and tools. Also served as engagement partner for a global manufacturer's tax transformation, leading the process re-design and technology enablement of its global tax reporting, compliance and controversy processes, and development of a global tax portal to enable the refined processes.
- Led the transformation for a large energy producer to provide tax enablement of its global SAP implementation, including the definition of tax data requirements to support direct and indirect tax reporting, planning and compliance.
- Counseling family leader for 30+ tax professionals.
- Lead recruiter for Houston Tax at Texas A&M University.
- Guest lecturer on technology, data analytics and information systems:
Accounting 624, Tax Technology and Analytics – Texas A&M University, College Station
Accounting 7373, Applied Data Analytics in Accounting – University of Houston, Main campus
Accounting 7397, Current Issues in Taxation – University of Houston, Main campus
Accounting 380, Information Technology for Accounting and Controls – University of Texas, Austin

1/1992 – 7/2011

Senior Manager

Ernst & Young LLP – Seattle, WA; Dallas, TX; Washington, DC; Houston, TX

- Provided tax provision, compliance and consulting services to clients in consumer products, energy, financial services, manufacturing, professional services, real estate and technology sectors.
- Member of core team that built the tax technology, tax operations and global tax reporting practices at EY.
- Designed and implemented tax SOX controls and processes.
- Led the transition and implementation of large tax co-sourcing engagements.
- Served as the National Technology Advisor for EY's global compliance and reporting practice, evaluating and selecting the tax compliance and provision tools used by EY on its tax compliance, tax provision and outsourcing engagements.
